

How to download e-Books @ MMPL e-Readers

YES

- Kobo
- Sony Reader
- Nook

NO

- Kindle (with exception of Kindle Fire)

You will need: A Mississippi Mills Public Library Card and an internet connection

How to download to an e-Reader

1. If you don't already have one, create an Adobe ID at <http://accounts.adobe.com> through the [Get an Adobe ID link](#). Then download the Adobe Digital Editions software for your mac or pc from <http://www.adobe.com/ca/solutions/ebook/digital-editions/download.html> and install.
2. Upon first run of adobe digital editions you will be prompted to authorize the computer. Enter your email and password for your Adobe ID. If you do not see the prompt click on help and then select Authorize computer. Enter your Adobe ID details when the prompt comes up.
3. Visit <https://odmc.overdrive.com>
4. Click **Sign in**. Enter your **library's name** and enter your **Library card number**. (You will need to omit the final digit if your card number begins with 2).
5. You are now free to **browse the Mississippi Mills Public Library e-book catalogue**.
*The first 2 steps are ONE time steps
6. Find a book you like and **borrow it or place it on hold**. Books that are available have a black icon and unavailable items have a grey icon. Click on the cover, then click **Borrow**.
7. To download the title, **Go to Checkouts**, then click **Download as E-Pub**.
8. Open **Adobe Digital Editions**, then click **File – Add to library**.
9. This will open the folder where you can search for the titles you have downloaded. Be sure to change the file type from **E-books** to **Adobe Content Server Message**, found in the bottom right corner of the folder.

10. **Plug the e-Reader into your computer** (Some e-Readers will ask you to allow the computer to connect to the e-Reader. Allow the connection if it asks, otherwise the computer won't be able to transfer things to the e-Reader.)
11. You can then **transfer the e-Book to the e-Reader** by dragging the book to the left and dropping it onto the e-Reader. Another method is to right click on the book, click copy to device and click on the e-Reader.
12. You can now unplug the e-Reader. The book should be added to your library.
13. To return a title, go to your bookshelf, right click on the book and select **return borrowed item**.

e-Book Collection Overview

- You will only be able to download a title to one device at a time.
- 10 e-Books at a time, loan period of 2 weeks.
- No fines! Automatic returns at the end of the loan period.

If you encounter the error CODE: E_AUTH_NOT_READY when attempting to authorize the computer in Adobe digital editions, open Adobe digital editions and CTRL+SHIFT+D on windows or COMMAND+SHIFT+D on mac and hit continue to deauthorize the computer. Then attempt to authorize again from the help menu.
